

# SCIENTIFIC, EVIDENCE-BASED CLAIMS APPROACH TO WORKERS' COMPENSATION

A SCIENTIFIC, EVIDENCE-BASED AND MULTI-DISCIPLINARY APPROACH TO PREVENT, MINIMIZE AND CONTROL CATASTROPHIC WORKERS' COMPENSATION AND CHRONIC PAIN CLAIMS

## OMCA - ClaimsCLEAR®

Intervention is often necessary for complex or catastrophic claims which drive 80% of all claims cost and consume critical resources within your company! These claims can be magnified by turnover in claims personnel or complex medical records.

Our collaborative panel of Board Certified Physicians and medical consultants has superior experience in workers' compensation medicine and include:

• **Orthopedic Surgeon - William Nemeth, M.D.**

Former Work Comp State Medical Director  
Fellow, American Academy of Orthopedic Surgeons  
Fellow, American Academy of Disability Evaluating Physicians

• **Neurosurgeon - Russell Travis, M.D.**

American Academy of Disability Evaluating Physicians, President  
American Association of Neurological Surgeons, Past-President  
University Medical Faculty  
Fellow, American Academy of Disability Evaluating Physicians

• **Anesthesiologist - Suzanne Novak, M.D., PhD**

PhD, Pharmacy Administration  
University Medical Faculty  
Fellow, American Academy of Disability Evaluating Physicians

• **Neuropsychologist - Robert J. Barth, Ph.D.**

Fellow, National Academy of Neuropsychology  
Harvard Medical School Massachusetts General Hospital  
Post-Doctoral Fellowship  
Member, American Academy of Disability Evaluating Physicians

### OMCA - CLAIMSCLEAR® OFFERS A SCIENTIFIC EVIDENCE-BASED PROGRAM THAT CAN PROVIDE:

1. Prediction and early identification of claimants with addictive behavior tendencies and of losses with catastrophic cost potential;
2. Protocols to modify, minimize or eliminate ineffective, inappropriate or costly chronic drug and pain management treatment;
3. The latest scientific data for cost effective and optimal outcome treatment plans;
4. Objective evaluation, assessment and remediation recommendations for complex and chronic claims.

### OMCA - CLAIMSCLEAR®

COMPLEX LOSS EVALUATION, ASSESSMENT & RECOMMENDATIONS  
Solving Complex Claims through Evidence-Based Medical Science

# SOLVING COMPLEX CLAIMS THROUGH EVIDENCE-BASED MEDICAL SCIENCE

## CLAIMSCLEAR® INTERVENTION IS ESSENTIAL FOR:

- Post-award cases with significant on-going medicals
- Multi-issue cases
- Multiple prescriptions/prescribers
- Active pain treatment
- Long term controlled substance treatment

## CLAIMSCLEAR® BOARD CERTIFIED PHYSICIANS
